Planned through 180,000 mi

Free recall check

Nothing else on the list before 180,000 mi. Now + next 12 months + next 30,000 miles. Excludes “watch” and optional items.

Safety recalls NHTSA lists for this model year (2)

07V-553 Engine · camshaft position sensor (7.3L diesel) · **09V-399** Speed control · deactivation switch

A model-year list, not a VIN check. Repairs are free at a Ford dealer if open. On a car over 15 years old, ask the dealer whether a newer recall is still repaired free. Check this VIN at nhtsa.gov/recalls.

Recalls: Springfield Auto Care checks this VIN for open recalls, including 07V-553. Open recalls are repaired free at a Ford dealer.

Questions? Ask Springfield Auto Care at service@springfield-auto-care.example. The full report, with sources for every figure, is one scan away.

Based on public records and published repair costs. Not a diagnosis or a guarantee. Your technician's inspection decides what your car needs. Confirm recalls with a dealer using your VIN. “If it fails” figures are repair bills reported in public sources or, where none are published, our estimates (each one labeled in the full report); they are not predictions. Open recalls are free at a Ford dealer (over 15 years old: ask the dealer). Prices are estimates before tax, shop supplies and disposal fees, and may change after inspection. Not a written repair estimate: we confirm the price with you before any work. Data: RepairAhead, 2026-10-28.r1. Not affiliated with Ford Motor Company.
