FACTORY MAINTENANCE

Not on this report for this car. Check the service records and the maker's schedule (brake fluid, spark plugs, coolant, transmission fluid). ☐ Records checked ☐ Due ☐ Quoted

C · ALSO REPORTED FOR THE 1.5 / 1.6L ALPHA / ALPHA II (G4EC / G4ED), QUICK CHECKS

- **Air bags** (366 complaints): Air bag warning lights and sensor faults; not an engine fault. Check the VIN for air bag recalls.
- **Brakes** (223 complaints): Brake complaints on these cars; not an engine fault.
- **Automatic transmission** (129 complaints): Counts every transmission and shifter complaint; Hyundai and Kia issued differential oil-seal and shift-logic bulletins, not engine faults.
- **Steering / suspension** (125 complaints): Steering and suspension complaints, including salt-belt corrosion; not an engine fault.
- **Unintended acceleration / high idle** (81 complaints): Mixed reports; on 2000–2001 Accents in cold states a frozen crankcase vent hose could hold the idle high (recall 01V-346).
- **Stalling** (63 complaints): Mixed causes in the complaint text (sensors, fuel delivery, wiring, ignition); no stalling recall covers these engines.
- **Check-engine light** (49 complaints): Mixed causes; most overlap the misfire / rough-idle item and the ECM updates in the bulletins.
- **Rust / corrosion** (42 complaints): Body and underbody corrosion; Hyundai ran an underbody corrosion campaign for 2008–2009 Accent in salt-belt states.
- **Fire** (28 complaints): Mixed causes (electrical, crashes, fuel leaks); no engine fire recall covers these cars.

WHAT TO SAY AT THE COUNTER (ADVISOR)

1. Timing belt (interference engine)
The Alpha engines use a rubber timing belt with a tensioner. At 118,000 mi your car is past the usual range, so if the original part is still fitted it is worth checking. Our price is $1,300, before tax and shop supplies.
Ask: have you noticed ticking or whine from the belt cover, or engine stops and will not restart?

Adjust after the inspection. The report is not a diagnosis or a guarantee, so say what the technician found, not what the report predicts.

NOTES FOR THE ADVISOR

Record findings here (OK / Watch / Fix and measurements); the advisor adjusts the quote before the handout is printed or sent.

Reference only. Follow Hyundai repair procedures and your shop's judgment.
